

Garden Waste Collection Scheme - direct debit

Frequently asked questions

When is my payment taken?

Payments are taken annually on the 1 April (or first working day after that). If you sign up after 1 April your payment will be taken on the first working day of the following month.

However, requests made in the last three working days of the month will start the collection service immediately but the direct debit payment will not be collected on the first working day of the following month instead it will be collected on the first working day of the month following that.

For example - for a request made on the 30 March 2018, the service would start the week commencing 2 April 2018 and the full direct debit payment (£40) would be taken on the 1 May 2018.

When is my annual renewal due?

All annual payments, regardless of when they were first requested will be renewed the following year on the first working day of April.

You will be sent a reminder email each year confirming the annual subscription amount and the day the direct debit payment will be collected.

As soon as we are notified by your bank that your direct debit has failed we will cancel your service. If you wish for your service to start again you will need to contact us and make another payment.

If the payment for the year has not yet been taken, the collection service will be cancelled immediately. If you wish for your service to start again you will need to contact us and make another payment.
